- Use the section below for photo requests in addition to the pictures that are generally taken at a Wedding. (For example: If you want a picture with a favorite Aunt who is not in the wedding party, the Photographer would not know your Aunt nor that you want a picture with her. Extended Families including cousins, spouses etc., should be listed, as the Photographer does not know who they are.)
- To make your photo time more productive, you may want to appoint a person that can gather people that are included in special pictures, and ask your bridal party and immediate family to stay available at the formal location where you are taking your pictures. It is very time consuming and frustrating for you when you are constantly looking for members of the wedding party or immediate family members.
- If you request table shots, keep in mind that there is a small window of opportunity when the photographer can take these pictures, and many times guests are missing from the table. It is required by the studio that you purchase a 5x7 print of all table shots requested.
- Please inform your friends and family that it is a good opportunity to have a portrait done and to feel free to request it from your Photographer. These pictures will be taken as long as it does not interfere with the flow of the wedding.
- All questions prior your wedding day must be directed to Gary Antle Productions. Your Photographer will contact you the week of your wedding. Any questions after your wedding day must be directed to Gary Antle Productions.
